

AD HOC COMMUNICATIONS

Clients we have worked for...

Company	Products/Markets
ABB-Stromberg (Now ABB)	Web fault detection and analysis equipment (Paper, plastics, etc.)
AccuRay Corp. (Now ABB)	Measurement and control systems (Paper, tobacco, metals rolling, sawmills)
Advanced Fiber Technologies	Engineered wear components (screen cylinders, rotors, etc.)
Andritz-Ahlstrom Corp. (Now Andritz)	Engineered systems for chemical pulping, chemical recovery and stock preparation (Pulp and paper)
Andritz AG	High-tech production systems (Pulp and paper, metals strip processing, animal feed, municipal/industrial wastewater, etc.)
Align Corporation	Facilitation for successful completion of capital projects (Construction)
American Science & Engineering	Systems for the detection and display of hidden weapons, explosives, drugs and contraband (Customs, shipping ports, airports, etc.)
Aracruz Celulose S.A. (Now Fibria)	World's leading producer of bleached eucalyptus pulp.
Barber-Colman Co.	Temperature controls and automated control systems (Plastics)
Cooper Industries – Energy Services Group	Power and compression equipment (Oil and gas, chemical, and petrochemical)
Cranel	Distributors and VAR for computer hardware (Computers)
Dabster, Inc.	Asset management software (Accounting)
Eaton Corporation - Consolidated Controls	Specialty instrumentation and control systems (Utilities, aerospace, and military)
Eltel Networks	Network construction, maintenance, and repair services
First Wachovia Corp.	Banking/finance
GISCO	Geophysical and geological instruments
Hoyneck BV	Exhibition management and related services
Indus International	Asset management software
Industrial Data Technologies	High resolution color monitors and terminals for industrial applications

AD HOC COMMUNICATIONS

Company	Products/Markets
Jackson Paper Mfg. Co.	Packaging grade papers and specialty products
Jamesbury Corporation (Now Metso)	Process valves and actuators (Process industries)
Liebert Corp.	Environmental rooms for computer installations and large-scale uninterruptible power supplies
MAV Productions	Industrial film and audio-visual
Metsä-Botnia Ab	Market pulp producer
MirOil Process Systems	Frying aids and filtering systems (Restaurants and commercial fryers)
Nokia/Combustion Engineering (Now ABB)	Automation systems (Forest products)
Pennsylvania Process Compressors	Compressors (Chemical, petrochemical and industrial air)
Poyry-BEK (Now Jaakko Pöyry)	Engineering and process consultants (Forest products)
Purafil	Monitoring and control systems to prevent air-borne corrosion of computers and electronics
RMR Mechanical	Merit shop contractor with special expertise in boiler maintenance and repair.
Surface Mount Equipment Manufacturers Assoc.	Trade organization for suppliers to SMT computer board manufacturers
Taylor Instruments (Now ABB)	Field instrumentation and distributed control systems (Process industries)
Transoft	Tools for the migration of legacy software to updated platforms
United Telephone Co.	Telecommunications provider
Valmet Automation (Now Metso)	Sensors, distributed control, field instrumentation, laboratory instruments and SCADA systems (Pulp and paper, oil/gas industry)
